Testimonials:

"The BowlU Camp has surfaced strong desire and motivation among our youth program. Brad's great personality and strong passion for the game, mixed with his wealth of knowledge has made him the preferred mentor within our group. We feel BowlU offers huge opportunity and strength to the sport of bowling at all levels and plan for his return to our center for future camps! **Eric and Deann Dohner – Butler, Indiana**

"I am very grateful that Brad brings this BowlU camp to Barrie, Ontario every year. This was my daughters second time and her game has improved so much through BowlU. Brad teaches his students how to look at bowling differently using his experience and passion. Brad is a great person and leaves all his students feeling special and motivated to improve their game." **Sonia & Daughter Mykaela Mitchell (2016 Women's Canadian National Champion) ~ London, Ontario Canada**

"Thank you Brad for taking the time to make Jake think about why and what he needs to do to succeed in the sport of bowling. The Bowl U drills have helped him gain confidence and skills quickly. The knowledge you have shared with us impresses the importance of proper ball motion and how to achieve it. Most of all I would like to thank you for teaching Jake to think about why he is doing what he is doing, rather than just telling him what to do. You have made him a better bowler and given him a thought process that will aid him in all his future endeavors. Thank you for your time and dedication." **Cheryl Zalasko ~ Son, Jake**

Bowl U is the most comprehensive approach to bowling ever developed and Brad Angelo is its most fervent believer and intense champion. In the four years I've worked with Brad, I've been continually amazed by his drive to learn more about bowling and his eagerness to share his knowledge with others. He brings to the game the curiosity of a scientist, the soul of an artist and the passion of a professional athlete. If you are ready to learn to think like a pro bowler, this is the place for you." ... **Rob Knopf ~ Professor of Theater at University of Buffalo**
