## QUALIFYING EVENT DETAILS: OVERVIEW

Junior Gold members who have already earned an entry in this season's Junior Gold Championships can still enter and participate in additional Junior Gold qualifying events. **However, because an athlete can only earn one entry into the Junior Gold Championships he/she must accept his/her first berth.**

If a Junior Gold member wins an entry but cannot attend the Junior Gold Championships, he or she is responsible for alerting the Junior Gold Championships qualifying event director so the entry may be passed to the next qualified participant in that event. An athlete who gives up his/her spot or is unable to attend must re-qualify for the following year; individual berths are not carried over to the next year. If the Junior Gold member fails to alert the Junior Gold event director, he or she risks disqualification from that Junior Gold qualifier for the following year.

Tournaments may run U12 or U15 only qualifiers. In events that conduct U12 or U15 qualifiers the advancer(s) from that division must bowl in the U12 or U15 Division at the Junior Gold tournament.

**Check on the status of available Junior Gold Championships spots on BOWL.com's Junior Gold page. No spot is reserved until full payment for the entry has been received at USBC from the qualifying event director.**

**DON'T BE LOCKED OUT  
RESERVE YOUR SPOTS EARLY!  
EVENTS CAN ONLY BE CONDUCTED  
FROM MAY 1, 2016 - MAY 31, 2017**

### WHAT IS THE DIFFERENCE BETWEEN A REGULAR AND A "PREMIER" EVENT?

- A regular event pays only the advancer(s) entry fee into the Junior Gold Championships.
- A "premier" event is an enhanced event that pays the advancer(s) entry fee, plus any or all expenses at the Junior Gold Championships. There is no minimum amount of a stipend for the spot to qualify as a "premier" spot.
- If an athlete already has won an entry to the Junior Gold Championships and then wins another, he/she cannot take the second as a scholarship. The spot must go to the next highest qualified Junior Gold member.
- Junior Gold Championships berths and scholarship money are considered separate awards. If the athlete already has won an entry and wins a second event, the athlete would be awarded the first-place scholarship money, but the entry would be given to the next eligible Junior Gold athlete.

## QUALIFYING EVENT DETAILS: LEAGUES

Qualifying can be conducted as part of any USBC certified events

- Existing leagues
- New leagues
- Junior Gold Championships-specific leagues

**Format must be scratch**

### Basic Rules

- Bowlers are permitted to enter once per qualifying event.
- Pepsi Championship qualifiers must purchase a Junior Gold membership prior to competing in the Junior Gold Championships tournament.

**At least half of the league members must be Junior Gold members**

**At least 24 games of competition**

\*League information must be sent in **BEFORE** your event takes place. Failure to submit the League application prior to the start of the event may result in the refusal to accept those qualifiers.

### CHECKLIST FOR HOLDING A LEAGUE QUALIFYING EVENT

1. Download Junior Gold Championships qualifying materials, applications and report forms from BOWL.com on the Youth/Junior Gold pages.
2. USBC league certification forms can be obtained from your local association manager.
3. Complete an application for league certification. After you have the league certification number, you must still submit a Qualifying Event Application to Junior Gold PRIOR to the start of your competition.
4. Will the event be conducted on a sport/challenge lane condition? If so, please visit BOWL.com/sportbowling for more details.
5. Determine your league format.

The competition must be scratch and consist of a minimum of twenty-four (24) games.

6. Determine the rules for the event(s).

#### The rules for your event MUST include the following:

- League start and end date
  - List of all league fees
  - Clear explanation of how advancers will be determined
  - Advancement ratio being used
  - A tie-breaking system must be determined based on the format of the qualifier.
  - Statement requiring JG membership to participate
7. Determine whether you want your Junior Gold event to be a regular Junior Gold event or a "premier" event.
  8. The advancement ratio can be 1:4 through 1:10 or champion(s) only advancing at the end of your short-season (minimum 24 games) or full-season league.

The entire league cannot qualify through the Junior Gold league.

Determining the number of advancers will occur at the end of your season. Advancement ratio/champion is applied only based on the number of Junior Gold members in the league.

You must also state if a "major fraction thereof" will be used for advancement purposes. For a separate girl's division, though you need

only four girls to hold the division, you may still only advance a minimum of a 1:4 ratio, or major fraction thereof. Be sure your rules indicate the "or major fraction thereof" wording if you want to advance as many Junior Gold athletes as possible. Using a 1:4 ratio or major fraction thereof, a total of four to six entrants would advance one, seven to ten entrants would advance two, etc.

9. Prior to the start of the league, determine the rule for alternates. In league competitions, alternative processes for naming replacements need to be clearly defined.
10. One MONTH prior to your event, complete a Junior Gold Championships Qualifying Event Application and send it along with a payment for a minimum of one reserved spot and a copy of your rules to:

**Junior Gold Championships**  
**621 Six Flags Drive**  
**Arlington, TX 76011**

The cost for a reserved spot from a U12 only qualifier will be \$100, a U15 only qualifier will be \$150, and all other types of qualifiers will be \$200.

11. **Within 15 days of completion of your Junior Gold Championships league, you must provide the completed Post-Event Form and a completed Finalist Report Form.**

Junior Gold Championships finalist packets will be e-mailed directly to the advancers once your post-event paperwork has been received and processed.

12. All scholarship prize awards must be forwarded to USBC Headquarters for deposit with the SMART program (Scholarship Management and Accounting Reports for Tenpins) within 30 days after the end of the competition.

(USBC Rule 100c, Item 4)

**Additional spots may be purchased after completion of the qualifier, pending availability. An entry is not reserved until full payment of that entry fee is received. Please refer to the Junior Gold Championships main page on BOWL.com for a current count of spots available.** Unused spots will not be refunded and may not be carried over to the next season.

\*League information must be sent in **BEFORE** your event takes place. Failure to submit the League application prior to the start of the event may result in the refusal to accept those qualifiers.

*Junior Gold reserves the right to institute additional methods of entry into the Junior Gold Championships for those athletes who live in areas determined to be under-served by the current Junior Gold qualification process.*

## ENHANCED ADVANCER RATIO POLICIES

The minimum ratio to advance players to the Junior Gold Championships is 1:4. What follows is an explanation of how this standard applies to various situations.

When stating an advancement ratio, event management will state that the ratio is either a “hard” number (1:4) which means they will only advance one player for every 4 entrants, or they will add the caveat in their rules stating “or a major fraction thereof” which would allow them to advance an additional player should they have additional entries in excess of 51% of their ratio number. When an event reaches this standard an additional player is allowed to advance and the event is required to subsidize any shortfall in the entry fee to the Junior Gold Championships.

As an example, in an event having a 1:4 or major fraction thereof ratio, the event would need to have 7 entrants to advance a second player. The event would bear the financial responsibility to fund any shortfall of the entry fee to the Junior Gold Championships. Six (6) entrants does not meet the threshold of 51%, so a second player could not advance under that rule.

If the event has additional entries in excess of their ratio, but does not meet the 51% threshold to advance an additional player, we have historically asked that the additional monies be returned to the event as additional prize monies. To address this issue and provide more players the opportunity to advance, a new policy has been adopted that could allow the next player in line to advance to the Junior Gold Championships. This policy is:

Once an event has met their initial ratio

and has additional entries in excess of that ratio, the next player in line will have the option to claim that spot by paying any remaining shortfall between the monies collected and the entry fee for the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

### IF YOU DO NOT USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying events for the Junior Gold Championships given a 1:4 advancement ratio **without** the “or a major fraction thereof” stipulation.

If the event has 5, 6 or 7 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would now be given the opportunity to fund any remaining shortfall between the entry monies collected and the appropriate division entry fee and claim a spot in the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

### IF YOU USE A MAJOR FRACTION THEREOF

Here is an example of how the new ratio policies will be applied to qualifying events for the Junior Gold Championships given a 1:4 advancement ratio **with** the “or a major fraction thereof” stipulation.

If the event has 5 or 6 entrants, the tournament will advance the winner under their 1:4 ratio. The 2nd place finisher would be given the opportunity to pay any remaining shortfall between the entry monies collected and the entry fee and claim a spot in the Junior Gold Championships. This option is available **only** to the next player in line. If that player declines to exercise this option, it ceases at that point and the option is **not available** to other finishers down the line in the standings.

If the event has 7 entrants, the tournament will advance the winner under their 1:4 ratio and an additional advancer under the “or a major fraction thereof” stipulation and the event is required to subsidize any shortfall in the entry fee to the Junior Gold Championships.

### MAJOR FRACTION THEREOF CHART

RATIO	ENTRIES NEEDED TO ADVANCE AN ADDITIONAL PLAYER
1:4	7
1:5	8
1:6	10
1:7	11
1:8	13
1:9	14
1:10	16

## JUNIOR TEAM USA FORMAT AND SELECTION CRITERIA (Continued)

### USBC JUNIOR TEAM USA SELECTION

#### Injury exemptions

To be considered for an injury exemption from the 2017 Junior Gold Championships, an athlete must submit a written request for exemption to the USBC national office prior to July 1, 2017, or via fax to the tournament office of the 2017 Junior Gold Championships prior to the end of the competition. An injury exemption from the 2018 USBC Team USA Trials must be submitted in writing to the USBC office one month prior to the start of the 2018 Team Trials. Any request for exemption must include performance history and any other relevant information from at least the past three years that would be helpful to the NSC in evaluating the member in accordance with the selection standards listed below. The NSC and USBC reserve the right to verify that a member was in fact injured at the time of the national championships, including but not limited to requiring a doctor's release. Canadian Tenpin Federation members are encouraged to participate and are eligible to be Junior Gold Members; they can compete in the National Championships and earn scholarships. However, they are unable to be Junior Team USA members. Only U.S. Citizens are eligible to be on Junior Team USA.

#### National Selection Committee

There will be one National Selection Committee, which will be responsible for selecting the two at-large male and two at-large female members of Junior Team USA 2018. The NSC is comprised of no more than five individuals, one of whom will be an athlete representative as defined by USOC bylaws. The president of USBC (bowling's national governing body) will oversee the appointment of these individuals.

#### Standards for Selection of At-Large Team Members

The National Selection Committee is charged with selecting those athletes who are most likely to create the strongest Junior Team USA. The NSC shall have the latitude to consider any qualifications which would be helpful in creating the strongest team.

In evaluating athletes for possible selection as at-large members of Junior Team USA, it is anticipated the NSC will consider at least the following criteria:

**AGE:** Selections will be made with the understanding that the team will need to be comprised of an appropriate number of athletes who meet the age requirements for any International Youth competition.

**PERFORMANCE:** This includes all international competition, as well as any USBC, collegiate or USBC Team USA bowling tournament within the previous two years.

**PHYSICAL GAME:** This includes, but is not limited to, the many physical elements which comprise an athlete's game, such as approach, arm swing, timing, release versatility (changing rotation and lay-down point) and speed control. It also includes, but is not limited to, the ability to play different angles, convert spares, change equipment and adjust to varying lane conditions.

**MENTAL GAME:** This includes a variety of subjective factors including ability to be coached, adaptability, practice regimen, ability to stay focused, attitude, commitment, ability to perform under pressure and sportsmanship.

# JUNIOR GOLD CHAMPIONSHIPS

## JUNIOR TEAM USA FORMAT AND SELECTION CRITERIA (Continued)

### USBC JUNIOR TEAM USA SELECTION (CONTINUED)

**Team Play:** This includes, but is not limited to, the intangible but crucial ability to be a positive factor in building rapport, confidence and a winning attitude among team members and coaches.

**Future:** The National Selection Committee takes into consideration that the individuals on the Junior Team are also the developmental team for Team USA.

#### Replacement of Junior Team USA Members

If, during the following calendar year, a bowler either resigns or is removed from Junior Team USA for any reason, the coach of Junior Team USA will determine if a replacement is needed. If a replacement is needed, the coach shall confer with the National Selection Committee to determine the replacement. The replacement shall be from a pool of athletes who competed at the 2017 Junior Gold Championships and/or the 2018 USBC Team USA Trials and are age 20 or younger as of January 1, 2018.

Junior Team USA members may obtain/move up to USBC Adult membership during their term on Junior Team USA and still maintain their spot on Junior Team USA. However, they would be ineligible to bowl in the Junior Gold Championships.

#### Note:

Junior Team USA coaches will select the Junior Team USA members who will participate in each event in which Junior Team USA will compete. The final standings at the Junior Gold

Championships, or how an athlete became a Junior Team USA member, will have no bearing on the makeup of the team at each competition. All Junior Team USA members will be placed into a pool and coaches will select the athletes who most likely will create the strongest age eligible team to represent the United States for that event. If any changes to these rules are made, all national finalists will be notified prior to competition at the Junior Gold Championships. In addition, the changes will be posted on the Junior Gold website, BOWL.com

# FAQs

## GENERAL QUESTIONS

### Where can I obtain Junior Gold Championships information?

All forms and this handbook are available on BOWL.com. Simply click on the Tournaments tab and then on the Junior Gold link and proceed to the Qualifier section where you will see the Junior Gold League Handbook tab. Here you will find the necessary forms to run your league. As always, the Junior Gold staff is available to assist and answer any questions. We can be reached at Tournaments@ibcyouth.com or by calling (800) 514-BOWL, ext. 8426.

### What are the age divisions for the Junior Gold Championships?

<u>Date of Birth</u>	<u>Division</u>
8/1/04 or later	U12
8/1/01 - 7/31/04	U15
8/1/96 - 7/31/01	U20

**NOTE:** Bowlers in the U15 division may exercise the option to participate in the U20 division by completing the Championships "play up" form. Individuals who qualify in a U15 only division qualifier must compete in the U15 division at the Junior Gold Championships.

### How much do spots cost for the Junior Gold Championships?

Spots are \$200. If an event is going to offer a U15 ONLY division, those spots are \$150. If the event is going to offer a U12 ONLY division, those spots are \$100.

### What are the minimum average requirements for the divisions?

There are no minimum average requirements for participation. Any

and all current USBC Youth Standard members are eligible to become a Junior Gold Member and bowl in a Junior Gold Qualifying event.

### How is it determined what division the advancer competes in?

Any eligible bowler who qualifies for the Junior Gold Championships will be placed in the appropriate division based on their date of birth. Bowlers that competed in a combined qualifier (not a U12 only or U15 only) will have the ability to "play up" to a higher division, once they fill out the proper forms.

### Can a U12 qualifier "play up" and participate in the U15 or U20 division instead of the U12 division at the Junior Gold Championships?

Yes, they can if they qualified in a U15 or U20 division event and fill out the proper forms.

### If I don't have enough entrants to have a separate U15 or U12 division, but my advancers are under the age of 15, how much will my advancer spots cost?

The price of the Junior Gold Championships spot in a combined event is not affected by the age of the winner. If there are not enough entrants for a separate event, all spots will cost \$200 and the player will compete in the appropriate age division at the Junior Gold Championships unless the player submits an opt-up form.

### How does the enhanced advancer policy work?

Once an event has met their minimum ratio and has entries in excess of that ratio, they have the opportunity to advance one additional entrant to the Junior Gold Championships. The next advancer only, will be allowed to claim a

spot by funding the balance of the monies needed to pay for that spot. A detailed explanation of the policy can be found on the Junior Gold page of bowl.com or page 8 of this handbook.

### I have excess funds from the Junior Gold Championships qualifier. What should I do with those excess funds?

All excess funds must go back to the athletes who entered the Junior Gold qualifying event. However, if you hold a series of Junior Gold Championships events through the season you can keep those funds in a "Junior Gold" account to be used if there are any shortages in future events. If the event was not part of a series, you must return those funds through expenses for the advancer(s) (from receipts the advancer(s) provides) or it can be returned to the Junior Gold bowlers as a scholarship.

### How can I award Junior Gold spots? What are my options?

League directors may award their spot at the end of the season or at the half of their season (provided their half has a minimum of 24 games). League directors can award the champion or a minimum ratio of 1:4 if divisions are used.

Please be very specific in the event rules on how the advancers to the Junior Gold Championships will be awarded. Include the words "with major fraction thereof" after the ratio if you intend on awarding two Junior Gold spots with a 1:4 ratio and seven bowlers.

## GENERAL QUESTIONS *(Continued)*

### When can I hold Junior Gold Championships qualifying events?

Events can be held any time from May 1, 2016 through May 31, 2017. In the case of a sold-out national event, USBC will consider permitting qualifying events earlier. This is on a per-year basis. All qualifying will end on May 31 of the tournament year unless the tournament is sold out prior to this date.

### How long do I have to submit my post-event reports?

Junior Gold Finalist and Post-Event Tournament/League Reports are to be submitted to Junior Gold within fifteen (15) days after the end of the event. Holding onto this information longer than this affects the accuracy of our records and can cause eligibility issues for players who may have paid their Junior Gold membership dues at your event.

### What benefits are included with the Junior Gold membership?

- Junior Gold membership card
- Member Gift
- Junior Gold Approach E-blasts
- Reduced prices for coaching at the ITRC

### In the Junior Gold Championships, can an individual opt to cross over to the other gender division?

No. Girls may only compete in the girls divisions and boys may only compete in the boys divisions.

### Can we hold a Junior Gold Championships qualifying event during our association championship event?

You can easily incorporate a Junior Gold qualifying event into your local or state association championship events. Since you only need three (3) games for a qualifying event, you can use the scores from any designated event or events from your championship tournament as a Junior Gold qualifier.

## LEAGUE QUESTIONS

### How many games do I need to run a league qualifier?

The minimum number of games needed for leagues is 24 games and there is no minimum average to participate.

### The rules say I can advance my league champion(s). Who are considered champions?

Junior Gold gives each league director the flexibility to deem the champion. Champion is considered ONE of the following: total point leader, team champion(s) (one for singles; two for doubles; three for trios), high average, high series, high game, etc. Please remember you need the minimum of four males, four females, or a mixed gender group of four to conduct a qualifier for that division. If you are sending the high average boy and girl, there must be at least four male Junior Gold members and four female Junior Gold members to send one in each division.

### I run a league. When do I determine how many bowlers will advance?

Advancers are determined by your advancement ratio and how many Junior Gold members are in the league. If your league will award points for having a high game or high series, make sure all athletes are able to earn those points throughout the season to ensure you are advancing the best bowlers you can. Keep in mind you may only award spots based on a 1:4 or higher ratio (major fraction thereof) or your champion(s). Remember that at least half of your league must be Junior Gold members, but your ratio is only taken on those members who are actually participating in the Junior Gold qualifying event. If you charge your athletes a participation fee for Junior Gold, only those athletes would count towards your ratio. If all bowlers are eligible for Junior Gold, then your ratio would be from all those eligible Junior Gold members.

## LEAGUE QUESTIONS (Continued)

### **Can a bowler enter a Junior Gold qualifying event multiple times and use his/her highest score to qualify?**

No. A player can enter a specific Junior Gold Qualifying event only once. Multiple participation is NOT allowed in Junior Gold qualifying events.

### **I would like to hold a special tournament for my league bowlers and make it a Junior Gold Championships event. Is this possible?**

Yes, Junior Gold tournament rules still apply. The tournament must be a minimum of three games and must have a minimum of four Junior Gold boys/four Junior Gold girls or a minimum of four Junior Gold bowlers for a mixed division. You would then be able to advance bowlers through a ratio between 1:4 and 1:10 or champion only. This tournament must be scheduled by the league where the scores do not count towards regular league standings (USBC Rule 113C). You must also submit a QUALIFYING EVENT APPLICATION.

### **I ran a league and advanced my champion team. However, one of the bowlers on the team has already won their Junior Gold Championships spot. What do I do now?**

Since a bowler must accept their first entry, you must state in your rules how an alternate will be advanced.

For example, you can state that the bowler from the second-place team with the highest average would then be the next person to advance. In the event a top qualifying bowler has already qualified and this entry is at the premier level the top qualifying bowler will be rewarded the additional perks and the qualifying spot would go to the first alternate.

### **I would like to run a league qualifier during a week of league. What do I have to do to make this legal?**

In order to conduct a qualifier during a week you must certify the week as a tournament online and with the Junior Gold staff. The scores can not count towards wins and losses or individual averages and only those who are Junior Gold Members will be allowed to compete in the event. You must also follow all procedures in the Junior Gold Tournament Handbook.

### **What is the final day I can replace and individual who declines the invitation?**

The final day Junior Gold will accept replacements for individuals who decline is July 3, 2017.
